EDUCATION

- FPT University** Ho Chi Minh City, Vietnam
 - B.Sc. in Artificial Intelligence, GPA: 9.41/10, Full Tuition Scholarship* Sep 2020 - Apr 2024 (expected)

SKILLS

- Programming Languages:** Python, C/C++, Java
- Frameworks/Libraries:** TensorFlow, PyTorch, scikit-learn, pandas
- Tools:** Google Colab, Jupyter Notebook, Git, Linux
- Database:** SQL Server

WORK EXPERIENCE

- cPay Technology** Remote, Australia
 - Machine Learning Engineer* Feb 2022 - June 2022
- AI VIETNAM Online Class** Remote, Vietnam
 - Teaching Assistant* Jul 2021 - May 2022

PROJECTS

- Pedestrian Crossing Detection with Attention-based YOLO model 2022
 - Description:** Enhance the baseline YOLO model with Convolutional Block Attention Module and Efficient Channel Attention Network, achieving higher performance (on a manually collected and augmented dataset) compared to the original model.
 - Technologies used:** Python, Google Colab, PyTorch

CERTIFICATES

- Deep Learning Specialization, Coursera 2021
 - Neural Networks and Deep Learning
 - Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization
 - Convolutional Neural Networks
- IELTS Academic (6.5 Overall) 2020

HONORS AND AWARDS

- Top 5 Excellent Student in Engineering Field, Spring 2022 Semester 2022
- Third Prize in The 2021 ICPC Asia Hanoi Regional Contest 2022
- Second Prize in Vietnam Olympiad in Informatics for Undergraduates 2020
- First Prize in F-Talent Code, FPT University 2020
- First Prize in Municipal Excellent Student Contest in Informatics 2020
- Bronze Medal in April 30th Traditional Olympiad in Informatics 2019
- Second Prize in Ho Chi Minh City Youth Informatics Contest 2018
- Bronze Medal in Ho Chi Minh City April Olympiad in Informatics 2018

ACTIVITIES

- Co-founder/Advisor at Dau Truong Alpha Contest**
 - Organized this academic contest in high school based on "Duong len dinh Olympia" format.* Jan 2019 - Present
- Contestant at Saigon Code Tour 2019**
 - A coding competition hosted by VNG, ranked 10th in Round 3.* 2019
- Contestant at Duong len dinh Olympia**
 - An academic knowledge contest hosted by VTV3, participated in "Week 2 - Month 2 - Quarter 1" round.* 2018

OBJECTIVES

- Become a PhD student in Artificial Intelligence.
